2012-June 2013)

Results

A level:

Art- A

Film Studies- C

AS level:

Graphics- B

Work Experience

-Brand Ambassador at De Montfort University (2016-present)

Working with lecturers and other students I help with various tasks such as assisting in interviews or open days. This job requires me to be very open and friendly as well as responsible, talking to prospective students and their parents, giving them information on the course and advice for applying.

-Team Leader and game artist at cancelled research project and indie game

I was responsible for a small independent company's team, which involves keeping the team on track, keeping organised and doing game production artwork. I also help with recruiting other team members and speaking with archaeologists and other game artists who advise and help direct our project. I am often working on self-directed tasks and advising other team members on their own work.

Hobbies and interests

- Art: I enjoy painting in various media as well as creating 3D characters. I like to visit art galleries and museums which inspire my own work.
- History: I have a keen interest in history (Tudor history especially) and like to visit historical sites and museums as well as read in my own time.
- Gaming: I spend a lot of time playing games, which usually have a rich and immersive story, which also help to inspire my own work and designs.
