

SUMMARY

I'm studying and training to become a 3D artist. I'm proficient in hard-surface modeling, material authoring, texture painting, lighting, and rendering. I also push myself to learn and experiment with new tools and workflows to expand my skill set and range of work. My current career choice is architectural and product visualization. But I'm always learning and open to new opportunities and change. Ultimately, I just want to create good-looking and interesting 3D art.

SKILLS

- **3D MODELING**
| 1 year 8 months
Through constant practice and improvements, I have learned how to control edge flow and subdivision and gained a great understanding of topology.
- **MATERIAL AUTHORING**
| 1 year 8 months
I am able to create complex material networks in 3ds Max & Substance Designer using bitmaps and procedural maps.

EDUCATION

- **B.A.S IN DIGITAL ANIMATION & GAME DESIGN (IN PROGRESS)**
Ferris State University | Aug 2016 - May 2019
Bachelor of Applied Science in Digital Animation & Game Design, or DAGD, at Ferris State University in Grand Rapids.
- **GENERAL EDUCATION DUAL ENROLLMENT (IN PROGRESS)**
Grand Rapids Community College | Aug 2016 - May 2019
General courses to satisfy Bachelor degree's Gen-Ed requirements.

SOFTWARE

Modeling: 3ds Max
Sculpting: ZBrush
UV & Retopo: 3d Coat
Texturing: Substance Painter/ Designer/ Bitmap2Material
Image editing: Affinity Photo/ Designer, Adobe Photoshop
Video Compositing: Adobe After Effects, Premiere
Rendering: Corona, V-Ray, Unreal Engine 4, Toolbag 3
