WORK EXPERIENCE

Freelance Concept Artist/Illustrator

Southampton - March 2011 to Present
Freelance Concept Artist/Illustrator: 6+ Years

I am a concept artist & illustrator working in Film/TV and Video Games since graduating university in 2012. I've worked on a wide variety of projects including environment design, matte painting, character design and illustration.

I have worked for several companies such as: Catalyst Game Labs, Territory Studio, Stanion Studios, Silver Lantern Productions and Scruffy Dog Ltd

I spend my free time working on a personal graphic novel project, i attend life drawing classes and enjoy to explore new software and implement them into my workflow.

September 2016

A star wars art competition hosted by Artstation and ILM.

ADDITIONAL INFORMATION

Software Proficiency: Photoshop, 3d Coat, 3ds Max, Unreal Engine 4, Marmoset Toolbag, Keyshot,
Skill Set: time management, problem solving, communication, working to a brief, managing multiple projects/
clients simultaneously,

In my time away from the computer i still like to draw, either doodles & ideation sketches which I'll sometimes scan in and continue in photoshop. I attend life drawing classes when i can and like to practice gesture drawing too.
