STANISŁAW MALC

PROJECTS

FALLOUT CASCADIA Asset Creator

Fallout Cascadia is an upcoming huge modification to Bethesda's Fallout 4 it will function as a new game. I am part of a team of over 100 people from around the world working to make this happen. I am preparing environmental 3D elements of post-apocalyptic west coast centered around Seattle, Washington.

- Hard Surface modeling of new assets in Blender
- Texturing new assets in Substance Painter and Photoshop
- Retexture and mesh modification of old assets
- Asset optimisation for Bethesda Creation Engine

March 2018 –
At present
