### Summary

My name is Stewart, I am a hardworking and passionate environment artist who studied Computer Games Art at Teesside University. I am constantly trying to push my artwork forward, learning new techniques and workflows, as well as seeking out new inspiration. Alongside my skills in modelling, sculpting and texturing I am an eager team member who enjoys learning from and working with other developers to create great experiences.

### Skills

Hard Surface Modelling  
Texturing(PBR)  
Environment Design

### Previous Employment

**Sunglasses Hut** | Sales Associate Aug 2018 – Present: As a sales associate I am responsible for the organisation of the store, and the serving of customers wishing to purchase items in the shop, as well as working with a team to improve the store.

**Teesside University** | 3D Art Intern 2017: During a 3 month internship at Teesside university I was responsible for updating the character models that the University used to model animation standards of topology, in addition I was also responsible for aiding in the creation of scenes for contract pitches.

**Prior Experiences** | Exams Invigilator: May 2018 – June 2019, Network Technician: 2011 – 2013

### Hobbies and Interests

In addition to the myriad of video games I have played over the years, I am a huge fan of tabletop roleplaying games such as Dungeons and Dragons, which I stream weekly across multiple channels on twitch.tv. These games have really helped bring out my imagination and I hope to continue to play them for many years. I'm also a huge fan of cooking, in my youth I wanted to be a professional chef for a time and the love has never gone away.
