I am a concept artist & illustrator working in Film/TV and Video Games since graduating university in 2012. I've worked on a wide variety of projects including environment design, matte painting, character design, keyframe concept art and illustration.

I have worked for several studios such as: Territory Studio, Onyx Path Publishing, Sigil Entertainment and Scruffy Dog Ltd

In my free time I work on personal projects enjoying to explore & experiment with new software to implement them into my workflow.

**Software Proficiency:** Photoshop, 3d Coat, C4D, Blender & Octane.
