WORK AND INTERNSHIP EXPERIENCE

**Jul 2020-
Present**

Visual Development Artist at Netflix

- Designed the main cast of characters for an unannounced feature animation
- Worked closely alongside the director to finalize character designs for pitch and presentations
- Produced color keys, character beats, and visual development assets to develop the look of picture

**Summer
2020**

Visual Development Intern at Taiko Studios

- Created character designs, visual development pieces, and key illustrations for several projects throughout Taiko Studios.
- Worked closely alongside my director and art director to realize designs and finalize pitch presentations.
- Set the character style for an animated production with LEGO.

Summer 2019

Concept Art Intern at Super 78

- Created concept work for 3D-animated shows. Including but not limited to character, key art, environment, layout, signage design, illustration, etc.
- Collaborated closely with art directors and producers to further the production pipeline.

**Summer
2019**

Character Design Artist for Rescue Sirens

- Worked alongside Jessica Steele-Sanders (Creator of Rescue Sirens) and Chris Sanders (Art Director for Lilo and Stich), to design appealing characters for the Rescue Siren world.

EDUCATION

2018 - Present

Art Center College of Design

- Bachelor of Science. Concept Design Track
- Studying visual development for animation and games.

2018-2020
